Any additional information:

Confirmed via Michael Site Manager that the internal carcass of the kitchen cabinets is a natural wood colour opposed to white.

I confirm that I agree to the above Options being included as part of the specification of my property.

I understand that:

1. Options can only be put in hand (i.e. commenced or implemented) on receipt of full amount specified above.
2. any delay in Crest Nicholson receiving full payment may mean they are unable to accommodate the Options in the property. This is because certain Options cannot be included once corresponding build stages have been reached. Where this is the case, Crest Nicholson will notify me as soon as possible and refund the monies paid for the Options which cannot be included.
3. If my reservation of the property is cancelled by either party in accordance with the terms of the Reservation Agreement:
    a. I will receive a refund if:
        i. The Options have already been included in the property; and/or
        ii. Crest Nicholson has not already incurred the cost of purchasing the items required for the Option(s)
    b. I will not receive a refund if Crest Nicholson:
        i. has already incurred the cost of purchasing the items required for the Option(s) and
        ii. the items have not already been included in the property and
        iii. Crest Nicholson does not, at the date of the cancellation, have any use for such items in a different property

I confirm the above selections are correct and authorise the implementation of the agreed Option(s)
